RECORD OF ROADS IN THE TOWN OF TURTLE

Page 100 of Record

We hereby certify that we met this 5th day of May 1846 at the house of Thomas Crosby in the Town of Turtle, County of Rock and Territory of Wisconsin at nine o'clock in the forenoon for the purpose of taking into consideration the subject embraced in the petition of Mr. Jack and five others for the alteration of a highway.

And upon being satisfied that the notices of the time, place and purpose of this meeting had been given as the law requires, we proceeded to examine the ground on the line petitioned for and caused a survey of the line to be made which runs as follows:

Beginning at a point in the line between Ranges 12 & 13, 2 rods North of the South line of this territory; thence running North 1° East parallel with said territory line 79.74 chains to the line between Section 31 and 32; thence North 79½° East 80.75 chains to the line between Sections 32 and 33, 14.94 chains North of the said territory line; thence North 78¼° East 49.75 chains to angle; thence North 58½° East 36.90 chains to the line between Sections 33 and 34, 4.54 chains North of the quarter section post; thence North 71½° East 30 chains to the county road as altered by the Town of Clinton. (Magnetic variations 6½°)

And we order that so much of the road laid out and surveyed on the 3rd day of January 1840 of which no accurate description was made as lies between or connect the extremities of the above described line. Be altered so as to run on the above described line and that the above described line be the center line of a highway four rods in width.
