

Found stake surrounded by hard head stones as set by self in a former survey.

Set lime stone 14x10x5 1/2 & surrounded it by a lot of small hard head stones.

Found old stake & lime stone on south of it - set in place of stake lime stone 19x11x4 1/2 & surrounded it with 4 hard heads.

Found lime stone at corner but as the highway had been graded up set in the place of the lime stone a sand stone 17x10x7 & surrounded it by 4 lime stones.

I hereby certify that the above is a plat & record of a Survey made by me on Section 26  
 Ganesville - May 3 - 4 & 5 - 1877  
 Edward Ringer  
 County Surveyor.
