Executive Summary
For
Resolutions
“Authorizing Easement to Alliant Energy”

The Resolutions before you authorize an easement for Alliant Energy for placement of a gas regulator on the south side of West Airport Road. The purpose is to relocate the existing line that is located within the safety area of two runways. This will allow Alliant to access the gas line without the need to escorted by airport personnel. The new line will have a higher capacity to improve the energy needs for the current future business.
