MEDIA RELEASE

Slow-No-Wake Declared on Rock River

For Immediate Release

Date: March 1, 2023

Contact Person

Deputy Terry Borgwardt
 608-757-7941

According to the US Geological Survey Gauge, the water level for Lake Koshkonong is 8.21 feet. County Ordinance requires a slow-no-wake speed restriction be placed on the Rock River between the Indianford Dam and Lake Koshkonong when water levels exceed 8.00 feet on Lake Koshkonong.

The water level for the Rock River in Afton is currently 7.19 feet, so the slow-no-wake restriction from W B R Townline Road Bridge to the Indianford Dam remains in effect. County Ordinance requires a slow-no-wake speed restriction be placed on this portion of the Rock River when water levels exceed 6.50 feet.

The Sheriff's Office is providing public notice of the Rock River's current slow-no-wake status. Deputies will begin placing slow-no-wake signs along the Rock River at all public access points between the W B R Townline Road Bridge and Dallman's Landing on Lake Koshkonong.
