Clean Sweep cannot accept:

High pressure cylinders, propane cylinders, Freon gases, infectious and biological wastes, sharps, explosives (detonators, blasting caps, ammunition), radioactive chemicals / devices.

Year-round disposal options:

Latex paint and water-based stain (water clean-up) -Make solid. Stir in one part kitty litter or Oil-Dri to one part paint. If not solid in a week, add more absorbent. 24-hr hardeners available at hardware stores. When solid, put open containers in trash.

Paint recycling - Ace Hardware in Janesville and Beloit accepts liquid latex and oil-based paint in good condition Small fee per gallon. Call ahead.

Recycle Fees may apply for large volumes.

Rechargeable batteries call2recycle.org/

Electronics/computers/cell phones -WDNR E-waste (https://dnr.wisconsin.gov/topic/Ecycle)

Vehicle batteries (lead acid) – take to WI battery retailer or recycler. Free.

Used motor oil, oil filters. Check your solid waste & recycling service or major auto service centers/retailers. Volume limits apply. Free.

Fluorescent lamps. If you have a lot - use pre-paid mailback programs. Small number, check local recycling list.

See also Recycler List and **Household Chemical Disposal Guide** at co.rock.wi.us/departments/land-conservation/clean-sweep or call 608-754-6617 ext. 3

ALL YEAR SERVICE:

PESTICIDE CONTAINERS that are empty or almost empty . . .

- 1. Wear protective equipment and pour excess pesticide into the sprayer.
- 2. Fill pesticide container ¼ full of clean water, replace cap and shake container for 30 seconds. Pour rinse water into sprayer.
- 3. Repeat two additional times, shaking container in different directions.
- 4. Carefully rinse the outside of the container and the cap over the sprayer (or bucket) to catch rinse water.
- 5. Dispose of the cap as regular household waste and dispose of or recycle containers in trash.
- 6. Apply the diluted rinse material according to label directions.

Ag pesticide container recycling for business and large volume users:

Buying, Storage, & Safety Tips

- Look at less hazardous alternatives.
- Read labels before buying for warnings.
- Buy only what will be used up right away.
 Disposal of unused product may be difficult.
- Stabilize new gasoline used in seasonal equipment. Monitor your supply for freshness.
- Protect your eyes, lungs, and skin.
- Storage. Avoid extreme heat, freezing, dampness that can damage contents and/or containers.
 Properly seal containers. Keep out of reach of children.
- Do not mix chemicals.
- Never pour hazardous chemicals down the drain unless specifically made to go down drains.
- Large amounts of waste can be a health, fire, or environmental hazard. Recycle or responsibly dispose of wastes as soon as possible.
- Place fragile packages in separate containers and label "Hazardous!" Use clear bags.

Business Clean Sweep

Any WI business, school, or organization that generates under 220 pounds of hazardous waste in a month and stores less than 2,205 pounds of hazardous waste in a year may be eligible to use Clean Sweep for cost of disposal only.
